Zoning Storm Stirred Up By Council Ruling

Upland City Council faces a rezoning fight from an aroused citizenry at its next meeting Tuesday night, July 21.

Residents of N. Laurel Ave. have taken exception to City Council action at its July 7 session which found a 3-2 vote refusing to uphold a City Planning Commission decision denying rezoning of 20,000 sq. ft. lots to 15,000 sq. ft. west of Euclid Ave. on the north side of 16th St.

Councilman Jarvis Leman moved that the planning commission ruling be upheld and the appeal rejected after public hearing on the subject. Mayor Abner Haldeman had to second the motion to get it on the floor. After heated argument between Mr. Leman and Councilman William Kistinger, Mayor Haldeman and Mr. Leman voted aye, Mr. Kistinger and Councilmen Philip Holden and John Nicholson no.

Discussion Continued

The discussion by city council was continued to give Ed Novell of Novell Realty time to draw up plans showing where a break from 20,000 sq. ft. lots to 15,000 sq. ft. lots could best be made on his 10-acre tract.

Opposing the rezoning during the public hearing were 10 area residents. Mr. Novell was the lone speaker in favor of the move.

Talk of hiring a lawyer to fight the council's action this week rumbled among the area residents, most of whom lived on N. Laurel Ave. Discussion has started regarding possibility of building up a strong candidate or two to run for City Council at the next election on a "protect the property owner" platform.

A letter campaign was unleashed, launched by one from Dr. Chester A. Haug of 1605 N. Laurel Ave. to Mayor Abner Haldeman with copies dispatched every councilman. Five received by The Upland News appear today in the From The Mailbox forum on the Editorial Page, Section Two, Page Two. Alfred Signorio, Mr. and Mrs. Gerald R. Wilson, Dr. Jack D. Rasmussen, Mrs. Robert W. Likins and Mr. and Mrs. Bob Marriott are the authors.

In his lengthy letter, Dr. Haug said he was in full accord with the argument offered by Mr. Kistinger that the entire area from Euclid Ave. to Mountain Ave. could not be classified as 20,000 sq. ft. lots.

Wrote Dr. Haug in part: "I certainly am in full accord with this hypothesis but could see no logic or rational reasoning to the sudden necessity of changing a small area. . .classified by the Planning Commission. . . with the idea of assuring Upland at least that much land which would be so available. It seems to me that there is a very considerable amount of land. . .extending westward from the tract under discussion which could certainly have afforded this change when a future revision of the Master Plan in this area was carried out. . .

"I. . .feel that all the members of our neighborhood have great civic pride and. . .are anxious to see the City of Upland continue to grow. However, this growth should be steady, orderly and wisely supervised without an stampeding into sudden changes either for personal gain or for lack of foresight. Otherwise just another overexpanded erratically planned city will evolve. . .

Trend Feared

"To some it may seem that this particular decision of the Council over this small parcel of land is a minor problem. Perhaps this is so. However, I feel that it indicates a trend of thought and tends to engender further decisions, both hastily and poorly conceived, without consideration of the overall plan for the future of Upland."

Dr. Haug's letter continued: "There are many of us who have chosen Upland in which to live because of our appreciation of the community and the people who live here. I again speak for the many when I say that we are very cognizant and appreciative of those civic leaders, including yourself and some other members of the City Council who have the ability to see that overall picture of future planning rather than being swayed by more immediate and perhaps less important influences."

Dr. Haug's letter concluded: "I believe the general plan of City Council working with the Planning Board is a fine one. That seems to me the logical approach to obtain the most sensible results. When such a well conceived association into which so much thought has been placed is purposely circumvented. . .such action will inadvertently sabotage the long term results and those witnessing such actions cannot help but be disillusioned."

Swim Carnival Set

A swim carnival will be held in Upland High School pool Friday morning, July 17.

Occasion: Graduation from summer recreation two-week swim classes.

The carnival will be held between 9:15 and 9:45 a.m. and 10:30 and 11 a.m., it was announced by Pool Director Gus Rischer.

Ten instructors will demonstrate the nine different swimming strokes and give a diving exhibition. Exhibitions of what they have learned from the classes will be given by children at different levels.

Demonstrating strokes will be Tom Cleland, American crawl and inverted breast; Ted Smith, trudgeon crawl; Mike Ollila, butterfly breast; Wil Wright, regular breast; Linda Bizio, side; Gail Parker, overarm side; Betty Jean Smith, elementary back; Linda Sampson, back crawl.

Children demonstrators: Beginners—Doug and Don McLeish; Intermediate — Glen Jackson; Swimmers— Nancy Hongola.

Life saving rescues will be demonstrated by Betty Jean Smith. Diving will be Ray Wakeman, Elwin Dennis, Gail Frankish and Wil Wright. Guest diver will be Mrs. Floyd Allen, teacher from Cucamonga School.

SPEED TOPS EUCLID AVE. PROBLEMS

Residents North of Foothill May Petition For Meeting With State

Euclid Ave. residents above Foothill Blve. would be willing to trade sidewalks for an enforced 35 mph speed limit.

A petition from those residents requesting a public discussion with State Highway officials may be result of Upland Safety Council's Open Forum on sidewalk safety Wednesday night, July 8.

Majority of some 25 persons who attended the Safety Council-launched probe on possibility of installing sidewalks along Euclid between Foothill Blvd. and 16th St. declared sidewalks were not the answer.

Lower Speed Limit

"It's speed," they said. "Lower the speed limit from 45 to 35 and enforce it, especially on the trucks."

R. C. Ring of 1510 N. Euclid summed it up: "I'd trade our sidewalk for an enforced 35 mph limit. Foothill Blvd. which is U. S. Highway 66 has a 35 mph zone through Upland and so does Euclid Ave. below Foothill. Why should the speed limit be 45 above Foothill?"

Members of the Safety Council explained Euclid Ave. was a State highway and that only the State could change the speed limit. "The State has denied our request to reduce the speed limit," reported Chairman Harold Barbour of the Safety Council.

It's Residential

"But it's a residential street, not a highway," insisted the Euclid Ave. residents. "What can we do?"

"Isn't the State Highway Department beholden to anyone?" Mr. Ring asked.

Mr. Barbour reported on what he called a "friendly discussion" with a State Highway Department official two months ago. "He said a lower speed limit was not realistic," Mr. Barbour said. "He said the average speed along Euclid Ave. above Foothill was 47 mph. Even on Foothill, he said traffic was moving faster than posted."

Speed Trap Tag

The State Highway official said that enforcement wasn't the answer. If too many tickets were given, he told Mr. Barbour, Upland would become known as a speed trap.

"Do you mean to say the public establishes its own speed limits?" inquired Mr. The State Highway official agreed this was more or less the case.

"That sounds like anarchy," Mr. Barbour told him.

Added City Engineer Harold Wilder, also a member of the Safety Council: "The State Highway Engineer said we did have a problem along Euclid Ave. above Foothill, but he said it was internal and up to Upland to solve. Get the pedestrians off the traveled way and onto sidewalks was his solution."

"Let's enlist the aid of Euclid Ave. residents above Foothill to bring pressure on the State," insisted John Esslinger of 1516 N. Euclid Ave., "even if we have to go to the Legislature."

"The Safety Council would welcome your aid," said Mr. Wilder.

"Let's invite a State Highway representative to such a meeting as this," suggested Andy Torta of 1564 N. Euclid Ave.

Advised Mr. Barbour: "If you want a meeting with the top brass, I would suggest you petition requesting such a meeting and we will send it along."

Mr. Wilder expressed belief request for such a meeting would get a State Highway representative here to directly face the Euclid Ave. residents above Foothill.

Survey Seen On Sidewalks Along Euclid

The sidewalk issue is not dead—nor even dormant.

That was feeling expressed by Harold Barbour, chairman of Upland Safety Council, following last week's Open Forum on installation of sidewalks above Foothill Blvd. on Euclid Ave.

Mr. Barbour said he intends to purpose a survey of homes adjacent to and on Euclid Ave. at next meeting of the Safety Council. The survey would start in September, Mr. Barbour said, and determine how many people, both adult and children, would like sidewalks installed.

Not Solution

Majority of the 25 persons who attended the Wednesday night, July 8 Open Forum held by the Safety Council on installation of sidewalks from 16th St. down to Foothill on both sides of Euclid, claimed sidewalks would not solve the safety problem. From approximately 17 persons who spoke, 15 expressed belief sidewalks were not the solution; reducing the speed limit and enforcing it was.

In answer to questions asked by Mr. Howard Breeding, Sierra Vista PTA representative, and Mrs. Rick Byrket, secretary of the Safety Council, as to why Euclid Ave. residents above Foothill were opposed to sidewalks, replies included:

Mrs. Max Lauderback, 1474 N. Euclid: "I don't think they are necessary."

Mrs. Ronald Ochu, 1319 N. Euclid: "It's just not the solution."

Mrs. Waado Raid, 1302 N. Euclid: "We can't afford them. Don't have any use for them."

No Motion Made

After the two and a half hour forum, members of the Safety Council decided no motion for recommendation to City Council was in order.

Summed up City Engineer Harold Wilder: "City Council would not force an improvement district against the wishes of the people."

He added: "The problem of sidewalks will only come alive when someone is dead."

PLACED IN AMBULANCE after a near electrocution accident in his shop Thursday morning, July 9 was William L. McCully, 47, McCully Woodworking, 1346 E. Ninth St., Upland. He was attempting to plug a heavy-duty extension cord into the main power line when a short circuit developed and he could not let go. Employe H. W. Kuhns and Postman Richard Stowell jerked the cord loose to free the victim. Mr. McCully was treated at San Antonio Community Hospital and then released. — NEWS Photo

$2,000,000 Election Faces Upland Voters

A six year building program is now under study by Upland Elementary School District Board of Trustees.

Supt. Harold Cook has suggested that a Finance Election be set for late October or early November. To be voted upon would be sale of $1 million of local district bonds plus a State loan of $1,190,000.

Decision upon setting the election date is expected to be made at regular board meeting scheduled for Tuesday, Aug. 11.

3 Schools At Stake

From the total election finance figure of $2,190,000 would come two elementary schools at estimated cost of $700,000 each and one junior high school at estimated cost of $750,000.

The amount would also cover construction of two special education classrooms at $40,000 and a multi-purpose room at Baldy View School at $130,000.

Total estimated cost of all the projects amounts to $2,320,00 but $130,000 in school district bonds which have already been voted remain unsold. This would leave total amount needed at the proposed election figure of $2,190,000.

Here's The Reason

Reason for the six year building program now under study:

Increased enrollment which has been rising at a steady 10 per cent per year.

Mr. Cook's projection of average daily attendance, using the ten per cent annual increase factor, indicates a gain of 1900 pupils. Actual attendance for the past school year was 1462 students for three elementary schools and one junior high school. For the 1964-65 school year, the projected attendance is 4362.

Now On Treadmill

"We are on a treadmill now," Mr. Cook reports. "We are just breaking even. We have 250 students on double session. By next September we will have built 14 classrooms since last September and will still have 250 students on double session."

A finance election, he says, is the only answer.

The district already has the necessary school sites. The first site which would be developed would be the 10-acre site on 15th St. west of Euclid Ave. The other 10 acre elementary school site is on W. Seventh St. between San Antonio and Mountain Ave. The junior high school site is on 18-acres on W. 18th St. between Euclid and San Antonio Aves.

When constructed, the two elementary schools would serve 700 pupils each and the junior high would serve 500 students, thus housing the projected 1900 pupil increase by 1964.

Campaign Speech

Mr. Cook delivered what he termed his 'first campaign speech" in regard to the proposed election during Upland Safety Council's Open Forum on sidewalk safety Wednesday night, July 8.

Offering building of schools on the west side of Euclid Ave. as solution to problem of children crossing that street, Mr. Cook declared it wise "to keep children off Euclid Ave. as much as possible." With approval of the bonds designated as the "long range solution", Mr. Cook said construction on the three school sites would make the Euclid Ave. street crossing problem "disappear" without installation of sidewalks.

"The first site to be developed on W. 15th St. would be ready a year and a half from now if the finance election is approved in October," Mr. Cook reported.

Population Explosion

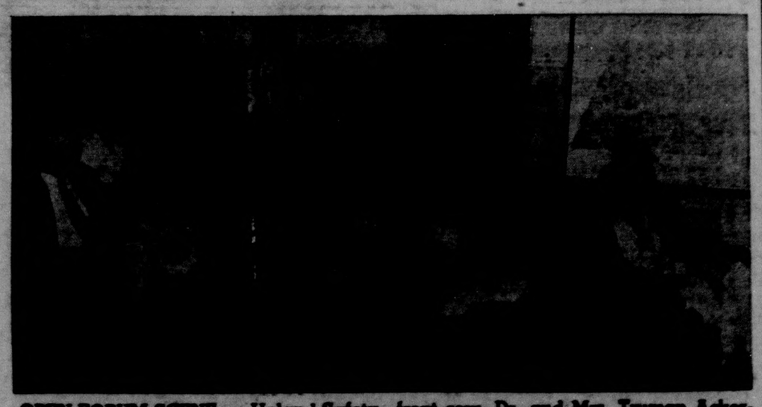

He added: "We have had a population explosion here. Every child will be on double session in the district within five years unless we solve this problem."

Mr. Cook this week reported the State Department of Education has approved "forgiveness" of 7310 sq. ft. of building space to the district. Now Mr. Cook must contact the State Division of Finance for similar florgiveness.

State aid on construction of a new school is at stake.

Mr. Cook said the 7310 sq. ft. of space was used in the main assembly room at Upland Elementary School.

The five classrooms under construction at Upland Junior High, Mr. Cook reported, are expected to be completed in September, now that the plasterers are back at work after the strike.

'Speed Trap' Title Backed For Upland

"Let's become known as a speed trap!"

This was one solution for increasing pedestrian and traffic safety offered Upland Safety Council during its Open Forum on Euclid Ave. sidewalk safety Wednesday night, July 8.

It was made by Howard Merrill of 1379 N. Euclid Ave.

Mr. Merrill was credited no small knowledge of the problems of speed in Upland by Police Sgt. Tom Davis of the Safety Council. "He was the star witness who helped me locate some reckless drivers," Sgt. Davis revealed.

The sergeant said Mr. Merrill followed two reckless driving violators and, as a result, a "good pinch" was made.

"I will go along with what is decided about sidewalks," Mr. Merrill informed the Safety Council. "But I think installation of sidewalks is a little bit low on the totem pole. They don't get the children across the street, and that's where the danger lies."

Truck traffic is the big Euclid Ave. problem north of Foothill, Mr. Merrill insisted. Rigid enforcement of speed laws he declared as the answer to slowing them down. "You see passenger cars stopped by police for some picayune infraction," he claimed, never the more dangerous trucks.

"Let's find a safe way to get the school children across Foothill Blvd. I don't care how it's done—by subway if that's the answer." He listed sidewalks as about No. Three on the pedestrian safety list.

Natural Growth Pattern Seen To East, North

by MEL HODELL

"Physically, socially, economically — the area East of Upland's city limit should annex to Upland."

"It's the most natural thing do — all the living habits, to shopping habits, thinking habits, and desires and interests are with Upland."

"Upland would welcome the annexation of this area into Upland."

These are the words The Upland News quotes as best summary of views on subject of compiling advantages of annexation of Upland.

The News, recognizing the need for a clear-cut favorable statement of policy on annexations to the city, has talked with many individuals throughout the area. Other groups all have had their opinions favorably expressed.

This article represents the thinking of many persons; The News' own opinion is expressed on the Editorial Page

Besides annexation to Upland there are four other possible choices for the area, roughly defined as Upland's city limits, all down the Cucamonga wash to the Santa Fe tracks, and westward to Upland's city limits along the tracks. This area includes Red Hill.

Most Sensible, Logical

After examining the four other choices, incorporation of Red Hill itself, incorporation with Cucamonga, annexation to Ontario, or trying to stay by itself as an unincorporated area, the general opinion was:

"It is most sensible and logical to annex to the City of Upland."

The important things Upland has to offer are available right now, not in the far distant future. Waiting may result in a loss of choice; there is no advantage in waiting.

Upland Advantages

These are the advantages of coming into Upland:

1. Protection for zoning at a local level.

2. Good enforcement of building code requirements, which would result in more protection in this field in future times.

3. City police protection would provide closer supervision and more frequent control and more immediate response to the needs of the people.

4. City fire protection from a fully - manned department would become available and it is likely insurance rates rates would be reduced with this added protection.

5. Better street maintainance and street programming.

6. City sewer lines are available for immediate extension into the area as soon as the people desire to have them installed. Upland has a main sewer line on Grove which can be extended North of Red Hill or South of Foothill very easily.

7. A "going, well - established" local government in which Red Hill would take part immediately to help govern themselves. The area would not face the early years of painful development and cost of a new city government.

8. Street lighting can be made available as soon as the people desire it.

9. Coordination of services of a going municipality right away.

10. Extension of water by Upland into this area is not necessary as the area is being served by the Cucamonga Water District.

11. There is no need to change the school system unless desired later on.

Services Payment

People are fully aware today they must pay for all services they receive as areas are annexed to the city and as the city services are extended into these new areas with the people sharing in their proportionate cost of the services.

Currently, Upland's tax rate is $1.53 per $100 of assessed valuation. However, landowners in the area will realize a saving in insurance rate reductions, plus have all the services and advantages as outlined.

There are three main things Red Hill wants, zoning to protect property, sewage lines to solve that major problem, and control and local autonomy through self-government.

Red Hill is interested basically in the zoning protection. Upland can provide this for them at a local level.

Red Hill wants to retain its identity and not be a part of a big incorporated area such as Cucamonga would be. Red Hill would be a district in Upland and retain this identity, just as other areas of the city retain their identity.

Sewer Advantage

The advantage of sewer lines alone would make annexation to Upland most desireable. Elimination of cesspool maintenance higher level of health standards, a comforting satisfaction that city sewer facilities are serving the people would be enjoyed."

"The whole area of Red Hill, down the Cucamonga wash, and back across the Santa Fe tracks to Upland—physically socially, economically, and in all living patterns, is a part of Upland now and should logically be annexed to Upland."

This proposed area will benefit immediately by annexing to Upland. The city is bound to benefit by the official recognition of being one area.

The City Council, it is felt, would be happy to annex this entire area; but it is Council policy not to push anyone into anything, and to have the facts tell the story so the people will come into Upland willingly themselves.

On Red Hill

A discussion on assessed value in the entire area. This would mean Red Hill undoubtedly would have to be the major base and foot the bill for many of the problems, such as policing and support of all government activities. Red Hill would be "out-voted" by about an 8 to 1 margin.

Even by themselves, Red Hill would have a hard time as a separate city, for all the administrative costs would have to be borne by a small group.

But with annexation to Upland, Red Hill merely would assume its natural geographical place as a district in an area already having a high assessed valuation.

"This mutual likeness would benefit both Upland and Red Hill," it was said.

The next step for such an annexation to Upland is for interested persons to get together with city officials to discuss the possibilites of annexation and for help in working out the plans. The city will be pleased to assist.

It was emphasized by everyone that the status quo will be upset, that staying as at present is an impossibility.

Parking To Be Changed On 1st., 3rd.

Parking will soon be changed to parallel spaces the lengths of First and Third Aves. in Upland.

City Manager Elwin Alder announced wherever diagonal parking lines now exist along those two streets, crews will repaint the lines to parallel spaces.

"This will provide a safer traffic flow," Mr. Alder said.

Principal parking areas which will be changed are near the library on First Ave. and north of Ninth St. on Third Ave.

Mr. Alder said the painting would start within the next several weeks.

A CHECK LIST of clothing and other items to be taken with them to Camp Oaks Monday, July 20, is studied by six youths of Upland Boys' Club and Co-Director Jack Fletcher. From left are: Henry Sifuentes, George Hernandez, Rickey Meyer, Mr. Fletcher, Bennie Omotoy, Andrew Hernandez and Rudy Lira. Six campership have been provided by the Boys Club (2), Upland Lions Club, Assistance League of Upland and Los Angeles Times Campership Fund (one each).

Campership Send 6 Upland Boys Club Members To Camp

Six Upland youths will enjoy first experience at a summer mountain camp July 20-27 as result of six campership to Camp Oaks obtained by Boys Club of Upland. The six youths are all members of the Boys Club and will be part of a contingent of 120 boys attending the week long session sponsored by Upland-Ontario YMCA at the year-old Camp Oaks, owned by Long Beach YMCA.

At the 7000 feet elevation, 13 miles southeast of Big Bear Lake in the San Bernardino Mountains, the Boys Clubbers will join in camp activities to include horseback riding rifelry, with Winchester .22 rifles, archery, nature study, nature crafts, swimming, chapel and hiking.

The camp has its own swimming pool and dining hall as part of its complete camping facilities and leases 10 horses for use by the campers.

The six camperships for the Boys Clubbers are being provided by the Boys Club Board, which voted to pay for two camperships; Upland Lions Club, Assistance League of Upland and Los Angeles Times Campership Fund, each providing one campership. One campership is yet to be subscribed by an organization.

The Boys Clubbers to benefit from these camperships are Heny Sifuentes, 10, son of Mr. and Mrs. Antonio Sifuentes, 1226 N. Campus Ave.; George (9) and Andrew (12) Hernandez, sons of Mr. and Mrs. Reynando Hernandez, 849 Guadalupe Dr.; Rickey Meyer, 12, son of Mr. and Mrs. Edward Ornotoy, 876 Alpine St., and Rudy Lira, 12, son of the Jerry Liras of 1304 N. Campus Ave.

Bible Class Set At 200

More than 200 persons are expected to attend first session of the Church of Christ Vacation Bible School at 331 West Ninth St., Upland. Classes will be held in the educational department for eight days beginning July 27 and running through Aug. 5, daily at 9:30 a.m.

This year the church has adopted a single theme program of teaching. The theme "Following Jesus" has been correlated for all age groups from the three year olds through the adult groups.

Those wishing to attend this summer course may enroll on the first day of the school. Transportation, if needed, can be secured by telephoning YU 2-1121, YU 2-2080 or YU 2-1676.

Teachers and workers who have volunteered their services for the school include: Mrs. Monroe Bare, Mrs. Ray Peterson, Mrs. Ira Harrell, Mrs. Richard Rice, Mrs. James Eckman, Mrs. Norvell McCann, Mrs. Wayne Dennis, Mrs. Sybil Pascoe, Mrs. Floyd Yates, Mrs. Arthur Tess, Mrs. Floyd Revel, Mrs. Don Kellar, Mrs. Frank Dewes, Mrs. James Collings, Mrs. Dixie Jordan, Mr. Don Mauck, Mrs. Joe Jordan, Mr. and Mrs. Arthur Hoffman, Mr. Seth Rehkop, Mrs. James Goddard, Mrs. Park Gay, Mr. Kenneth Storms, Mrs. J. W. Taylor, Mrs. Ralph Henry, Mrs. Robert Di Giantomasso, Mrs. Alma McCann, Mrs. John Hughes, Miss Karen Revel, Mrs. Ted Millard, according to Harold O'Neal, the local minister who will direct the school.

The closing exercises for the school will be held Aug. 5 at 7:30 p.m. and the public is invited to attend.

4th Case Of Dog Poison

The fourth dog poisoning in the same general area of Upland was reported to police Friday, July 10.

Dr. Kenneth Wilcox said he had handled that many cases in the last seven months.

This time the dog belonged to Clarence Reeder, 713 N. Laurel Ave. He said his dog had been out about an hour when it returned home acting very sick. Dr. Wilcox confirmed the poisoning.

He said in no case, including this one, has he been able to determine the form in which the dog took the poison.

County Fair Committees

Eight Upland residents have been named on committees at the forthcoming Los Angeles County Fair in Pomona, Sept. 18 through Oct. 4.

On the Domestic Arts committee are Mrs. Lee Bigley, 766 N. Euclid Ave., Mrs. Earl Head, 585 N. Eighth Ave.; Mrs. Clyde MacKall, 1475 W. 15th St.; and Mr. O. R. Nichols, 741 N. Euclid Ave.

Miss Harriet Genung, 1390 W. 15th St., was appointed to serve on the reception committee.

Serving on the 1959 Fair grandstand committee are Sam Barker, 269 S. Euclid Ave., E. C. Mehl, 170A Fifth Ave.; and Harry Snowden, 811 W. 21st St.

Section VIII: EXCEPTIONS TO REPEALS:

No rights, obligations, duties, privileges or encumbrances arising from any ordinance which is repealed by this ordinance and which said ordinance relates to any of the following matters shall be affected by the repealing provisions of this ordinance or of said Upland Municipal Code:

(a) The public debt or the public credit;

(b) The establishment, naming, width, grade, construction, improvement or vacation of a public street, sidewalk, alley or other public property or facility;

(c) The annexation of territory;

(d) Any contract to which the City is a party or any contract inuring to the City's benefit;

(e) The acquistion or disposition of any interest in real or personal property;

(f) A municipal election;

(g) Any appropriation or expenditure of public funds;

(h) The levy or imposition of property taxes or fixing the tax rate;

(i) Levying of a special benefit assessment or creating a lien or debt against the owner of any property or said property; or

(j) The granting of any franchise, license or right by the City, which license, grant, power or franchise, is legally in force and effect upon the effective date of this ordinance. Every such license, grant and power or franchise shall expire as originally provided.

Section IX: SAVINGS PROVISIONS:

The repealing provisions of this ordinance or of said Upland Municipal Code shall not effect or impair any act done or right vested or approved or any proceedings, suit or prosecution had or commenced in any cause before such repeal shall take effect; but every such act done, or right vested suit or prosecution had or commenced shall remain in full force and effect to all intents and purposes as if such ordinance or part thereof so repealed had remained in force. No offense committed and no liability, penalty or forfeiture, either civilly or criminally incurred prior to the time when any such ordinance or part thereof shall be repealed or altered by said Code shall be discharged or effected by such repeal or alteration; but prosecution and suits for such offenses, liabilities, penalties or forfeitures shall be instituted and proceeded with in all respects as if such prior ordinance or part thereof had not been repealed or altered.

Section X: PASSAGE AND PUBLICATION:

The City Clerk of the City of Upland shall certify to the passage of this ordinance and shall cause the same to be published in the Upland News, a weekly newspaper printed, published and circulated in the City of Upland; and thirty (30) days from and after its final passage, the same shall take effect and be in full force.

Things Get Hot In Alta Loma

Thursday Blaze Costs $3250 Property Loss

First big blaze of the summer season kept Alta Loma Fire District fire fighters and equipment hopping on one of the hottest days of the year Thursday, July 9.

Estimated loss in citrus trees, windbreak foliage, fire equipment and one house hit $3250, according to Fire Dis trict Sectrtary Eugene Billings.

With wind raising havoc at jumping the fire, Fire Chief Ed Hogancamp issued a mutual aid call which brought assistance from Cucamonga, Ontario and the State Forestry Division.

The blaze was reported at 3:20 p.m. and the fight to squelch it continued until 9:30 p.m. Mr. Billings returned to the scene with two men at 11 p.m. to combat the hot spots. This took an hour.

The fire started on Ramona south of the PE tracks. It burned a quarter mile east to Hermosa and jumped the road to Dr. Charles Waddell property. However no damage occurred there and burning was restricted to roadside brush.

Citrus loss was estimated to cost Lewis Gilbert $1750. Estimated as loss to Sam Elder in citrus and for the house he owns in which the R. J. Good family resides was set at $500. Damage to the house was estimated at $100. Citrus loss cost Harold Blatz $500. And Alta Loma Fire District lost approximately $500 in hose and equipment.

In fact, when the fire burned through hose protecting the house; Mr. Hogancamp had to save the house with a small pumper on the Alta Loma pickup.

All three units and 12 men from Alta Loma, three units and five men from Cucamonga, one unit and two men from Ontario and two State Division pumpers and five men repsonded.

"This points up the value of mutual aid," declared Mr. Billings.

Cause of the blaze remains under the investigation.

The firemen's day Thursday July 9 began with a 10:20 a.m. call to the B. P. John Furniture Co. plant where use of an acetyline torch "without proper precaution," according to firemen, touched off a blaze. It was put out with no damage by the automatic sprinkling system. One unit and four men responded.

Facelifting For School At Alta Loma

Painting of exterior of the classrooms and remodeling of the Administration Building is proceeding at a fast pace at Alta Loma School, it was announced by Supt. Floyd Stork.

S and S Contractors of Alta Loma are handling both projects. The firm was awarded the painting for $2572 and the remodeling for $5122.

Remodeling will change the administration building from use as a cafeteria and class room to a general office with supply and storage room and a conference and teachers' room and shift the secretary's room into nurse's quarters. The work is expected to be completed about end of the month.

Exterior painting of the classrooms with sand color is expected to be completed this week or next.

Drawing To Close

Four more weeks remain in Upland's summer recreation program, Director George Schilens reminded this week. "All classes remain open to everyone," he said.

Alta Loma School Budget Up $6000

Aug. 5 has tentatively been set for public hearing on the Alta Loma School District budget, it has been announced by Supt. Floyd Stork. Next session of the board of trustees is scheduled for Wednesday, July 15.

As submitted to the county office, the fiscal year budget is up approximately $6000, hitting a total of $125,080. Tax rate is expected to remain about the same at $1.29.

Unlike majority of the school districts in the area, Alta Loma School's enrollment remained stationary. However, it is expected to increase this fall.

Breakdown of the tentative budget shows Administration $1000; Instruction $77,410; Auxiliary Services $50; Operation of Plant $10,300; Maintenance of Plant $3800; Fixed Charges $4500; Transportation $3520; Food Service $4100; Community Service $900; Capital Outlay $1500; Undistributed Reserve $2000; General Reserve $10,000.

Removal Of Stop Sign Advocated

Removal of the Eighth St. stop sign from Second Ave. is under study by Upland Safety chairman Harold Barbour named Police Sgt. Tom Davis a committee of one to report on the proposed removal.

Removal of the sign was suggested by Ted Atwood of J. J. Atwood's as a method of expediting flow of traffic into Upland Shopping Center. The stop sign at Eighth St. is the only one of Second Ave. south of the Santa Fe tracks.

Sgt. Davis reported there had been accidents there, that there was more traffic on Eighth St. than Second Ave. and that the proposal should be studied.

SUMMER CLASSES IN 5TH SEASON AT ALTA LOMA

Completing its fifth year of operation at end of the month will be Alta Loma School District's summer school program. For the past two years it has been under direction of seventh grade teacher Bob Zanin. This summer it started July 6 and runs through July 31 with approximately 66 students.

Besides Mr. Zanin, who instructs arts and crafts, tutors include Lou Love, mathematics and science; Don Brownell, history and geography; and Mrs. Joseph Seitz, music.

With help and support of the PTA, the program began in the summer of 1955. For the first three years, the program was under direction of former vice principal John Howe.

Appropriations from the district budget finance the program each summer.

Story Telling At Baldy View

Story telling was to be held at Baldy View School instead of Upland Elementary School starting Tuesday, July 14, it was announced by Upland City Recreation Director George Schilens. Mrs. Naida Dickson, supervisor, will read stories to young children from 8:50 to 9:50 a.m. daily.

Story telling continues daily at Sierra Vista School from 10:10 a.m.

Atwood Display On Recreation

The City Recreation summer program display in J. J. Atwood's store window, arranged Tuesday, July 14, will remain there a week.

Included in the display by City Recreation Director George Schilens are pictures of the various summer activities and articles from Arts and Crafts and Woodshop made by participating children.

Rotary Party Set

Upland Rotary Club will hold annual swim party and barbecue at the Hofer Ranch Wednesday night, Aug. 5, it has been announced by President Harvey W. Shirk.

We Believe Policy On Annexation Advantage To Upland Compelling

A clear-cut statement favoring annexing areas to Upland is on today's front page.

This summary of ideas and facts outlines in detail the advantages of annexing to Upland.

We believe that everyone should read the entire article carefully. All other viewpoints have been presented in recent weeks.

We think socially, geographically, and economically the area is tied-in closely with Upland and any attempt to change this pattern which has developed over the years would be a mistake.

The advantages cited for annexation to Upland are powerful and compelling. We believe if everyone thinks carefully about these facts, he will favor annexation to Upland.

It will be difficult to refute the main theme of being tied so closely with Upland and yet try to reverse the patterns of association and living.

Also of major significance in the article is the first attempted clear-cut statement regarding the advantages of annexation to Upland.

We feel the people contacted are taking a realistic look at conditions now and for the future when the population explosion really hits. When it does, it will be too late to plan intelligently.

We find ourselves in agreement with the policy as outlined on page one.

We believe the time has come for interested leaders to step forward and create an Upland Annexation Committee.

Upland Chamber Faces Important Work Load

In three weeks the Upland Chamber of Commerce will hold its new organization meeting.

Nine new members will be added to three hold-over members. After this, there will be six new members elected each year, as it should be to insure continuityy.

With nine new faces around the Board table, however, it becomes even more important to set up a list of objectives and goals as quickly as possible.

Only with a clear-cut basic set of objectives will real accomplishment come out of the chamber's work.

We commend the outgoing members for their efforts, and pledge the new Board our best support.

Such agenda items as annexations, beautification, growth, industrialisation, to mention just four, merely point up the importance of real effort and work that Chamber Board members are facing.

Area Needs Deputy DA

By all means, the County of San Bernardino should have a Deputy District Attorney located in the Western portion of the county.

It's silly for Uplanders, Montclairites, Chinoans, Cucamongans, and Ontariolanders to drive clear over to SBO all the time.

The Mountain and Mohammed . . . how does that saying go?

New Books For You . . .

. . . At Upland Public Library

Among the new books designed for summer reading are the following titles, all of which promise to be widely read.

Fiction includes Niven Busch's CALIFORNIA STREET which is a story of an immigrant to San Francisco who could not leave his rough, old-country, ways behind him. His money making, power grabbing ostentation irked his family who, all but his third — and natural— daughter, turned upon him in the end. This is a gently written tough story.

THE LION by Joseph Kessel, is an unbelievable story of a young girl's power over a new-grown cub pet raised in her isolated African home. The development of an almost complete identity between the two reaches a crashing climax in the death of King.

Personal Inspiration

Two books of personal inspiration and pleasure are Workman's ONLY WHEN I LAUGH which is the story of a Los Angeles commercial party hostess who moves to the wilds of Oregon's Umpqua River to live. Life can be hilarious even if it is difficult, she finds. Charlotte Edward's HEAVEN IN THE HOME is an intimate glimpse into the problems and the values of the modern family circle.

Books to help make life easier and more attractive are Kinlinger's FAMILY BUYING GUIDE: Holme's A NEW DESIGN FOR LIVING: Parker's HOW TO USE TACT AND SKILL IN HANDLING PEOPLE: and Blanton's NOW OR NEVER. The latter is designed for the middle years, an age range which has been given little attention in the past.

Billy Graham's CRUSADE AT THE GOLDEN GATE is a California record of religious revival today.

Inside Story

THE CURSE OF THE MISBEGOTTEN by Alfred Bowen and Shane O'Neill is an inside story of why Eugene O'Neill was preoccupied with micaubers themes in his plays. Shane lays it to personal and family tragedies.

Palmer's MAN'S JOURNEY THROUGH TIME is a scholarly study of man's evolutionary progress. This book gives us the record so far as research has been able to discover it.

For the producer of goods, Ewing's EFFECTIVE MARKETING ACTION is an indispensable tool.

History of World War II continues to come to light. Latest addition is a second volume of the war memoris of Charles de Gaulle: UNITY, 1942-1944.

Just Fer Delight

Designed for delight is Elizabeth Thomas' absorbing chronicle of her expedition to the land of the Bushmen in Southwest Africa. THE HARMLESS PEOPLE'S is about the Kalikari trives and those who read LOST WORLD OF THE KALIKARI by Van der Post will wish to see the country and the people through the eyes of another traveler.

From The MAILBOX

Dear Sir:

When the City Council failed to uphold the decision of the Planning Commission regarding a proposed change in zoning from R-1 to R-2 at their recent meeting, a number of Upland citizens were not only surprised but shocked and disappointed. The vote at that meeting indicated that a deviation from the Master Plan is probably in the making.

Other residents of our town, knowing that we live in the area immediately adjacent to the effected parcel have asked me, "How can the council do this?" And even more important, on what basis of evidence. Without legal training I am unable to answer the first part of their question, and sadly, the second part can only be assumed, and my supposition can only be negative. I cannot believe that this august group took into consideration either of the two major points that must be considered before such a decision is made:

(1) A deviation from the Master Plan is a major break through of an agreed upon, council approved, regulation or plan based upon long hours of costly study by experts with due consideration to needs and the long range good of the greatest number of citizens in our town. Yes, we agree that planning must be flexible, but deviations should be made for a purpose and most certainly under no condition to suit the monetary desires of a single individual— particularly one who is not even a citizen of our town.

(2) If it is the councils findings, and this should only result after exhaustive study, that the amount of R-1 property is in abundance and that additional R-2 is necessary immediately, which is what the initial vote would seem to indicate, then have they decided the amount needed is 10 acres — no more, no less? Have they decided the best possible ten acres to fill this need is the particular property requested by the out of town friend who made such faithful and glowing promises to so many citizens in my area regarding lot size in the area where he now requests a change?

There are many and varied other reasons why the council should not approve this change—the whys to change are extremely difficult to detect.

The residents of the area involved and those surrounding the area have voiced their unanimous opinion concerning this matter on two separate occasions—first before the Planning Commission; and second before the City Council. The Planning Commission uses as a consultant a paid, well known authority in planning who has gone on record against this change. It stands to reason when you pay an expert to give you advice, this advice should generally be followed. The Planning Commission itself spent considerable time and has done considerable research on the matter of Upland planning. They are, in my opinion, and in the opinion of my neighbors, and other citizens of Upland, well qualified to carry out their duties. This total disregard for the recommendations of both the Commission and the paid consultant should not go unnoticed by the voting citizens of Upland.

Sincerely,
Mrs. Robert W. Likins

P. S. Perhaps I am speaking too harshly about certain of the Council members. Let's hope that with further consideration and the preponderance of evidence, they will vote on Tuesday, July 21, to uphold this carefully considered plan.

KATHLEEN ROBINSON

Training and assignment in the medical field awaits Miss Kathleen P. Robinson, new recruit to the Women's Army Corps, after completion of basic training at Fort McClellan, Alabama.

A graduate this month from Upland High School, Recruit Robinson elected to take the aptitude tests before she enlisted in order to assure that her Army work will be involved in some phase of medical care and treatment. After eight weeks of initial WAC Training, she will go to cialist schooling.

Miss Robinson is the daughter of Mr. and Mrs. Merritt L. Robinson of 1361 Winston Court, Upland, and was an active member of the Youth Group of the Presbyterian Church there.

Dear Editor:

We are writing in reference to the proposed zone change of a ten acre parcel (lot 405) located on 16th St. west of Euclid Ave., from 20,000 sq. ft. lots to 15,000 sq. ft.

We feel that this change would not be beneficial to the community for the following reasons:

Upland has spent time and money on its program for interesting industry to locate in our city. We know that the executives of these industries will want large lots, as they need large large homes and yards for business entertaining as we do in our business.

The east side of Euclid Ave on 16th St. and 17th St. has already been cut down to 10,000 sq. ft. lots. Therefore, the west side of Euclid Ave. above 16th St. should be maintained in accordance with the Master Plan for 20,000 sq. ft. lots.

The Planning Commission is in full agreement on maintaining the Master Plan. Why then, should the City Council, after the taxpayers spent their money and the Planning Commission their efforts arriving at a sound Master Plan, want to start changing the Master Plan so soon? Once the size of the lots is lowered it can't be raised, but there is nothing to stop it from being lowered again.

We do not want a hodgepodge community with a little strip here of 20,000 sq. ft. lots, than a strip of 15,000 sq. ft. and eventually 10,000 sq. ft. lots. We want a good size area of each in our City, which the Master Plan has created. The border for 20,000 sq. ft. lots should at least be San Antonio Ave. on the west and Euclid Ave. on the east between 16th St. and 18th St. as 20,000 sq. ft. lots with homes already developed nicely on Laurel Ave. and Euclid Ave. just North of 16th St.

If there are any citizens interested in this matter would they please write or call their City Council members.

Sincerely,
Mr. and Mrs. Gerald R. Wilson.

Dear Editor:

We, the owners of property located on Laurel Ave. between Sixteenth Street and Seventeenth Street, strongly feel that the proposed change in the restrictions of tne undeveloped property adjacent to ours, is a complete breech of good faith on the part of the City Council.

We bought and developed our oroperty with the understanding that the same restrictuins applied to the adjacent land when it should be developed, as is in force on our property. We were guaranteed this by the present developer who now wishes to lower the restrictions for the sole purpose of obtaining more lots per acre and therefore more profit. We feel the City Council should not be concerned with promoting the sale of real estate for the advantage of a private concern and to the detriment of the present property owners and tax payers.

We feel ours is one of the finest and most beautiful sections of our city and every effort should be made to keep it so, and in fact extend the area of such development.

Yours Truly,
Alfred Signorio.

Dear Editor:

The city of Upland is at this time in an enviable position. It is a charming little community that until now has not had to experience extremely rapid growth pangs. Our city government recognized this and wisely sought and paid for professional planning that would enable the community to maintain its charm as the inevitable growth took place.

It would be regrettable indeed to see Upland become a hodge podge area, as so many of our neighboring foothill communities are, by not adhering to this master plan. Our city planning commission and our local realty board feel the need for extended area of large lots as the professional planners have proposed.

After thorough consideration, I sincerely hope the city council does not see fit to reverse the recommendations of these informed people.

Sincerely,
Jack D. Rasmussen, DDS.

Dear Editor:

We feel it would not be wise to change the zoning north of 16th and west of Euclid as this would create spot zoning. We feel the zoning which the city and the city planning consultant have under the master plan is excellent. The industries, commercial areas, and various sizes of housing should be kept separate and not intermxed. To do so would not only lower property values but also devaluate the city as a whole.

Mr. and Mrs. Bob Marriott

Dear Editor:

On behalf of the members of the Upland - Ontario Branch of the AAUW I would like to thank you for the very fine publicity you have given our club during the past year.

Dorothy Gunn,

All persons doing work of a legal nature are invited to at tend the meetings.

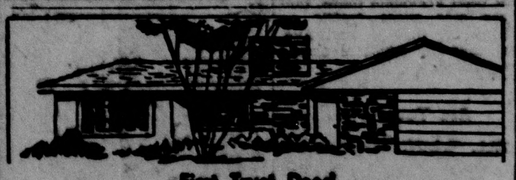

Zoning Boundary Straightened Out

Novell Realty Co. property located at the southeast corner of Euclid Ave. and 18th St. has been rezoned from 15,000 minimum lots to 10,000 minimum by Upland City Council action following approval of City Planning Commission.

The planners approved the rezoning in the interest of development of the area. It adjusts the zoning boundary of 10,000 sq. ft. lots westerly so that the zone is the same on both sides of the street.

Mr. and Mrs. James Siebken

Pack - Siebken Wedding Takes Place In Upland

First Methodist Church, Upland, was scene of the double-ring ceremony the evening of June 27 when Miss Wilma Jean Pack became the bride of James Robert Siebken.

The bride, daughter of Mr. and Mrs. I. N. Pack, 849 E. Harvard Pl., Ontario, wore a bodice of white chantilly lace over a taffeta skirt. It had a scooped neckline with a large bow in the back. Her shoulder - length veil was edged with imported English illusion lace held by a headpiece of flowers edged with seed pearls. She carried a cascade of white carnations and stephanotis centered with a large white orchid.

The bride's mother wore light blue lace sheath over satin with white accessoreis and a corsage of white carnations. The bridegroom's mother, Mrs. Matilda Siebken of Pomona, wore light blue lace sheath over taffeta, with similar white accessories and corsage.

Officiating was the Rev. William E. Thompson before 275 guests. The bride was given in marriage by her father. Matron of Honor was Mrs. Wayne L. Cederlind of Montclair. She wore pink lace over satin, the short sleeves edged with narrow satin binding, with scooped neckline and full skirt. She carried a cascade of pink and white carnations and blue delphinium.

Taper lighter was Miss Carol Burge of 583 Sixth Ave., Upland. In charge of the guest book was Miss Everlyn Horstmeyer, Ontario. Best man was Wayne S. Cenderlind of Montclair. Ushers included Bertrum Sheets of 717 Shasta Way, Upland.

Mrs. Carl Hess of Upland was organist with the Rev. George Schriber of Glendora vocalist.

Reception followed the wedding in Upland Nazarene Fellowship Hall. A one week wedding trip was taken with return to the couple's home at 1861 Denison, Pomona, where the groom is a carpenter.

The bride attended school in Ashland, Ky., lived in this community for six years where she has been a cashier with Southern California Edison Co. in Ontario. The bridegroom attended school in Pasadena.

Host Cousin

Mrs. S. G. Moore, 525 Euclid Ave., Upland, entertained her cousin Mrs. Paul Belnap of Charleston, S. Carolina, recently while Mr. Belnap was in Southern California on business.

VACANT LOT OWNERS FIND BIG NEW CHANCE FOR RETIREMENT MONEY

Houses For Sale Yield Three Times Greater Return Than Next Best Investment, Say Experts

If people who own a vacant lot or have a large back or front yard were to build a low down payment home for rental purposes they could solve their retirement problem. . . for the income from rentals will provide for a fuller retirement by supplementing Social Security, Company Retirement Plans or providing the entire retirement income.

For example, Mrs. Florence Dillon, 76 years, on the advice of her son-in-law who is a Vice-President of the California Savings and Loan League, had Harmony Homes build on the front of her property in Bell, California. Today Mrs. Dillon enjoys an easier retirement because her rental income far exceeds her payments ... and her tenants are buying the house for her besides.

Harmony Homes, leading Southern California "on-your-lot" builders, will advise with you on the possibility of your building a home for income or occupancy.

Harmony Homes, builders of over 7000 homes, with 18 offices throughout Southern California are the only on-your-lot builders: 1. offering a written money back title guarantee on every home they build, 2. granted indemnity agreements by every major title company in the area, 3. with a rigidly enforced quality control system. Harmony Homes build quality 2, 3 and 4 bedroom homes ranging in price from $4245.00 with 100% refinancing available depending on model and area.

Call Harmony Homes Yu 6-6636 or Na. 2-2605 and discuss your situation with a qualified building consultant, or drop in at Harmony Homes at 719 S. San Antonio Ave. in Ontario, today.

A "hot" ring helps tame an old enemy

Atomic radiation helps this man do his job.

He's Dr. Hugh Macpherson, one of Standard's research engineers. The "hot" ring he's holding is an ordinary piston ring which has been exposed to atomic radiation.

By installing such radioactive piston rings in a car, our research engineers can use a Geiger counter to measure wear *as it happens* while the car is driven on the highway, in traffic, on hills—in every possible driving situation.

This research technique has taken months off the time needed to test the effectiveness of new motor oils, and it's far more accurate than previous methods.

It's one of the techniques pioneered by Standard's scientists to help defeat an old enemy . . . wear — to learn what it is, what causes it, how to prevent it.

Our progress has been steady. Working with car manufacturers, we've virtually ended the problem of wear in automobile engines.

In the 1930's, for example, cars could go only 20 to 40 thousand miles before a major overhaul. But with today's motor oils and regular oil changes, your engine can be good for more than 100,000 miles — can, in fact, outlast the car.

By such never-ending research that leads to better products . . . *the people at Standard are planning ahead to serve you better.*

WATER POLO IN UPLAND PLUNGE WEDNESDAY EVE

Second match for Upland city Water Polo team is scheduled against Azusa in the Upland High School tank at 7 p.m. Wednesday, July 15, it was announced by Water Polo Coach Jim Stewart.

Last Wednesday night Upland was dunked by La Puente 12-8 here. Six goals in the first quarter by La Puente decided the struggle as the Upland squad held its own rest of the way. In fact Upland outscored the rivals 7-6 in the last three quarters.

Coach Stewart reported the team has been working out at 7 p.m. Mondays for the past four weeks. "This is our first attempt at water polo," Mr. Stewart said, "and the players certainly gained much from the competition."

Tom Strack and Rod Becker led the Upland attack in first outing, connecting on three goals apiece. Remainder of the team is composed of Vernon Murray, Arthur Smart, Jack Sebesta, David Callow, Glen Graham, Frank Lynch, Kirby Bonds and Dan Frankish. Murray and Smart hit on a goal apiece against La Puente.

Schedule for remainder of the summer:

Friday, July 24, Upland at La Puente, 5:30 p.m.

Wednesday, July 29, Azusa at Upland, 7 p.m.

Planners Initiate Change In Zoning

A rezoning initiated by Upland City Planning Commission has been approved by City Council. Rezoning is from multiple residential to general commercial of property described as the rear 100 ft. of lots located on the north side of Ninth St. between the W. Cucamonga Channel and the first alley to the west.

The planners declared the change was in keeping with good planning and would benefit the area in general.

NOTICE INVITING BIDS FOR THE CONSTRUCTION OF SANITARY SEWERS IN FOOTHILL BOULEVARD ADJACENT TO THIRTEENTH AVENUE IN THE CITY OF UPLAND, CALIFORNIA

NOTICE IS HEREBY GIVEN that sealed bids will be received in the office of the City Manager of the City of Upland, California, up to 2:00 o'clock p.m. Tuesday, August 4, 1959, and will be opened in the City Manager's office at 2:00 o'clock p.m. Tuesday, August 4, 1959, for the construction of a vitrified clay pipe sanitary sewer and appurtenant works, all in accordance with Standards, Specifications, Plans, Profiles and other approved Contract Documents therefor, on file in the office of the City Clerk of said City, to which Plans and Specifications bidders are referred for further information.

In accordance with the provisions of Sections 1770 to 1781 inclusive of the Labor Code of the State of California, the City Council of the City of Upland has ascertained the general prevailing rate of per diem wages, and the prevailing rates for Saturday, Sunday, Legal Holiday and overtime work, for each craft or type of workman needed to execute the proposed contract, and has adopted a wage schedule, and it will be required that not less than said rates be paid to all such workmen employed or engaged on the work.

The following schedule contains only those items of the adopted and amended wage scale which are applicable to the sewer improvement work; those which are not so applicable have been omitted.

FOREMEN - All foremen not herein separately classified shall be paid not less than $2.00 per day more than the daily rate of the highest classification in which he has supervision in the six Basic Trades and not less than $2.00 per day more than the journeyman rate for the craft involved in the Sub-Trades.

MODEL FINDS JOB THROUGH UPLAND NEWS CLASSIFIED ADS

Miss Jean Sherman, local model, who placed in the Miss Photogenic Contest at last's year Los Angeles County Fair, has been hired by Mr. Don W. Rickard, manager of the local branch of Stauffer Home Plan, to be a figure consultant in the Ontario Area

Jean's measurements of 36x26x36 qualify her very adequately for this work according to Rickard who feels that any lady with the aid of the Stauffer Magic Couch can re-shape her figure to equivalent proportions.

Miss Sherman was selected through the screening procedures of the RELY-ABLE PLACEMENT SERVICE who is currently recruiting qualified applicants for this expanded program. The RELY-ABLE PLACEMENT SERVICE is located at 132½ N. Euclid Avenue in Ontario, Telephone YU 4-2321, and welcomes all inquiries regarding these positions which are rewarding both salary-wise and prestige-wise.

Miss Sherman first answered a classified ad in the columns of The Upland News.

Code Okay Culminates Big Chore

Three years work was culminated on a city project during regular Upland City Council meeting last week when a Municipal Code was adopted.

The codification will be a continuing project, subject to up-dating every six months, according to City Manager Elwin Alder.

Purpose of the Municipal Code is to consolidate all relevant general ordinances to the city. It specifically includes:

General Provisions, Administration, Public Safety, Public Welfare and Morals, Sanitation and Health, Businesses, Professions and Trades, Public Works, Building Regulations, Planning and Zoning, with cross reference tables and index.

Also included are the secondary Fire Prevention, Uniform Building and Plumbing codes which have been adopted by the city.

Copies are on file in office of the City Clerk and are open for public inspection.

The public hearing held prior to adoption of the Municipal Code was not attended.

Tuesday Services For Mrs. Keown

Funeral services for Mrs. Lena A. Keown, 99, 594 E. Ninth St., Upland, were held Tuesday, July 14 in Stone Funeral Home. Interment followed in Bellevue Mausoleum. The Rev. William E. Thompson, pastor, Church of the Nazarene, Upland, officiated.

Survivors include sisters Mmes. August Collins, Elizabeth Gribble, Lillie Knight, Sophie Schmeltzer and Robert E. Neutze, all of San Antonio, Tex., and Miss Hannah Neutz; and brother - in - law Ben Keown of Ontario.

Born March 1, 1869, Mrs. Keown died in Euclid Ave. nursing Home, July 9. She was a native of Leon Springs, Texas. She had lived in the state since 1917 and in Upland for 42 years. She had been widowed in 1932 with death of William L. Keown. Formerly she resided in Summit County, Kansas.

She was a member of Church of the Nazarene, Upland.

Attends Meeting

Ralph H. Miller, president of Upland Ontario Bard of Realtors, attended quarterly meeting of California Real Estate Assn. directors in Monterey with Francis F. Jensen, Calif. Real Estate Assn. director at large.

Dr. Ernst L. Boyer

Dr. Ernest L. Boyer, dean of instruction at Upland College, has been named coordinator of the Conference on Research and Experimentation to convene at Stanford July 30 through Aug. 4. The conference is sponsored by the Commission on Experimentation and Research of the Council for the Advancement of Small Colleges. Dr. Boyer, who is a member of this sponsoring commission, will supervise all procedures relating to registration and local arrangements and will also serve as the Upland College delegate to the workshop.

The Experimentation conference, to be held at the Center for Advanced Study of the Behavioral Sciences, aims to determine needs for educational research on the small liberal arts campus.

Dr. Ralph W. Tyler, director of the center for Advanced Study in the Behavioral Sciences, will serve as special consultant to the conferences. Other consultants include Dr. H. Harry Giles, professor of education, New York University; Lester W. Nelson and Elizabeth Paschal, Education Division, The Ford Foundation and Nevitt Sanford, professor of psychology, University of California.

Twenty - two colleges from 15 states are now scheduled to participate in the conclave.

Baldy Library Hours Increase

Mt. Baldy Librarian J. H. Paulin has announced an increase of hours which began July 1 at the county library branch.

New hours are Mondays from 9 a.m. to noon and 3 to 4:30 p.m. and Thursdays from 9 a.m. to noon.

"The increase in hours reflects added use of the Mt. Baldy library by local residents," Mr. Paulin reported.

LEGAL NOTICE

CITY OF UPLAND
STATE OF CALIFORNIA
NOTICE TO CONTRACTORS

Notice is hereby given that sealed proposals will be received in the office of the City Manager of the City of Upland, California, in the Upland City Hall until 2:00 p.m. August 4, 1959, at which time they will be publicly opened and read, for performing work as follows:

Grading and Paving of Eighth Street between Campus Avenue and the East City Limits in the City of Upland, about 0.46 miles in length.

No bid will be received unless it is made upon the proposal form furnished by the City Engineer. Each bid must be accompanied by a certified or cashier's check or bond, with an approved surety company as surety, made payable to the City of Upland for an amount equal to at least ten (10) per cent of the amount bid, such guaranty to be forfeited should the bidder to whom the contract is awarded fail to enter into the contract.

Pursuant to the provisions of Section 1770 to 1781 inclusive of the Labor Code of the State of California, the City Council of the City of Upland has ascertained the general wages, and the prevailing rates for Saturday, Sunday, Legal Holiday and overtime work, for each craft or type of workmen needed to execute the proposed contract and has adopted a wage schedule, and it will be required that not less than said rates be paid to all such workmen employed or engaged on the work.

The following schedule contains only those items of the adopted and amended wage scale which are applicable to the improvement work; those which are not so applicable have been omitted.

FOREMEN: All Foremen not herein separately classified shall be paid not less than $2.00 per day more than the daily rate of the highest classification in which he has supervision in the six Basic Trades and not less than $2.00 per day more than the daily rate of the highest classification in which he has supervision in the six Basic Trades and not less than $2.00 per day more than the journeyman rate for the craft involved in the Sub-Trades.

APPRENTICES: May be employed in conformity with Section 1777.5 of the California Labor Code.

Providing that not less than one and one-half times the prevailing rate shall be paid for any working time more than eight hours during any one calendar day, and for time on Saturdays, Sundays and the seven legal holidays, to-wit: New Year's Day, Memorial Day, Fourth of July, Labor Day, Veteran's Day, Thanksgiving Day, and Christmas.

Providing that notwithstanding the general provision contained herein, Flagman, Guards and Watchman shall be paid one and one-half times the prevailing rate for overtime (overtime shall be time worked in excess of eight hours per day or forty hours per week), and the straight prevailing rate for time worked on Saturdays, Sundays and holidays where such time does not constitute overtime.

The foregoing prevailing wage schedule is based upon a working day of eight hours and in the event that laborers, workmen or mechanics are employed less than eight hours per day, the rate of per diem wages shall be deemed to be that fraction of the foregoing rate of per diem wages shall be deemed to be that fraction of the foregoing rates that the numbers of hours of employment bears to eight.

The rate of compensation for any classification not listed in the shecule, but which may be required to execute the proposed work, shall be commensurate and in accord with the rates specified for similar and comparable classification or for those performing similar or comparable classification or for those performing similar or comparable duties.

All bids are to be compared on the basis of the City Engineer's estimate of the quantities of work to be done.

No bid will be accepted from a Contractor who has not been licensed in accordance with the provisions of Chap. 9, Div. III of Business & Professions Code.

Plans may be seen, and forms of proposal, bonds, contract, and specifications may be obtained at the office of the City Engineer, 455 N. Second Ave., Upland, California.

The special attention of prospective bidders is called to the "Proposal Requirements and Conditions" annexed to the blank form of proposal, for full directions as to bidding, etc.

Bids must be returned to the office of the City Manager enclosed within a sealed envelope with the words "Bid—Eighth Street Grading & Paving" plainly marked on the outside of the envelope.

The right is reserved to reject any and all bids which the City Council may deem not to the best interest of the City and also the right to waive any informalities in a bid, and the right to award the contract and shall be completed within 30 calendar days after the date of the contract.

Further information will be furnished and detailed plans and specifications of the proposed work may be inspected at the office of the City Engineer of the City of Upland.

By order of the Council of the City of Upland, California
